### Andrea Benz releases new single “Anymore”

In a town where upcoming country artists are dime a dozen, it's easy to see why the internationally acclaimed musician Andrea Benz sets herself apart from the rest. Already known in musicians' circles as a studio perfectionist, Andrea's guitar craftsmanship can be heard and seen on countless country performances and recordings around the world.

Whether it's with Grammy winner Paul Overstreet in Germany, Country Music Hall of Fame member Charlie McCoy in Spain or with Lonestar Troubadour Dale Watson in Texas, Andrea has amassed millions of travel miles and performed for thousands of country music fans around the world. Andrea, who has a professional degree in music, is currently touring with Farewell Angelina, one of Nashville's hottest female bands.

“My heart has been and always will be firmly rooted in country music”, muses the Nashville based artist. It's a bold statement and surprisingly refreshing in a time where country music seems to be struggling with its identity. With her new single “Anymore”, Andrea proves that it's possible to go with time without losing the roots of country music. The ballad stands out with its pure sound, void of synths or electronic elements but dominated by pedal steel, piano, acoustic and clean electric guitars, warm vocals and harmonies. The song's story relates the beginning of a new journey and finding peace with the end of a prior relationship. The self-written song delivers a powerful message: Always follow your dream and never let anyone keep you from going your way. The single has been produced and recorded in Nashville's renowned studio, the Beard Music Group.

“Anymore” is now available physically and on all digital platforms. An inspiring and talented artist on the rise, Andrea will be releasing more singles from her upcoming EP next year. If you like country music, you will love Andrea Benz.
